## STEP 3 - NOSE

Don't cut any yarns on the rounds 4-11. All you need to do is to change alternately yarn to white/red (pattern will tell) and hide yarn that you don't use "inside" the next loops you crochet. You will change the yarn to red always in the beginning of the round and to white in the middle of the round. An example on how to hide a yarn:

change yarn to white

keep=hide red yarn
in-between new loops

the back side;
red yarn is inside

2 round - [1 inc] repeat 6 times till the end of the round (12)
3 round - [5 sc, inc] repeat 2 times till end of the round (14)

10 round - [12 sc, inc] in red and then the same in white (28)
11 round - [14 sc] in red and then the same in white (28)

Fasten off and leave the remaining hole as it is. Leave a long tail to sew the nose to the head.
